1. Open the app and choose **Register**. Enter a username, email and password.
2. Log in. You arrive at the **Dashboard**.
3. Choose a planner:
  - **Home**: enter budget, rooms, style and platforms.
  - **Party**: enter event type, guests, location and services.
  - **Jewelry**: enter occasion, types and metal; optionally upload an outfit photo (JPEG, PNG or WebP, up to 5 MB).
4. Click generate. The plan shows category allocations, item estimates and tips.
5. Open **History** to see saved plans, or clear them.
6. **Log out** when finished.

Tip: prices are estimates. Check current prices and delivery terms on the seller's site before buying.
